### **VOLUNTEERING IN 2004!**

We NEED to get many more of our members, long-time and new, involved in the working end of the club.

We will be asking for volunteers for the year to help with:

- set-up and take-down equipment at the meetings
- help record entries at competition meetings
- pass out name tags to the members
- man the door until the meeting starts
- operate the projector at competition meetings
- help with passing through of prints
- help co-ordinate field trips, etc.

Please consider which of these areas might be of interest to you and let one of the officers know your decision.

Volunteering is a necessity if we are to continue to keep this growing club a vital, busy and interesting organization able to go forward over time. People are what make this a successful venture and with the recent growth of the club (now 67 members) we need more of you involved.

So please heed this call. We want you and need you!
