HUMOR CORNER:

Reasons not to argue with children.....

1. A Kindergarten teacher observing her children while drawing, walking around to see each child's work. As she got to one little girl who was working diligently, she asked what the drawing was. The girl said, "I'm drawing God." The teacher said, "But no one knows what God looks like." Without missing a beat, the girl replied, "They will in a minute."
2. One day a little girl was sitting and watching her mother do the dishes and she noticed that her mother had several strands of white hair sticking out in contrast of her brunette head. She asked, "Why are some of your hairs white, Mom?" Her mother replied, "Well, every time that you do something wrong, make me cry or unhappy, one of my hairs turns white." The little girl thought about it and said, "Momma, how come ALL of grandma's hairs are white?"
3. The school children had all been photographed, and the teacher was trying to persuade them each to buy a group picture. She said, "Just think how nice it will be to look at it when you are all grown up and say, 'There's Jennifer, she's a lawyer,' or 'That's Michael, he's a doctor.'" A small voice at the back of the room rang out, "And there's the teacher, she's dead!"

PUNS:

1. Two antennas met on a roof, fell in love and got married. The ceremony wasn't much, but the reception was excellent.
2. Two peanuts walked into a bar, and one was a salted.
3. Two cannibals are eating a clown. One says to the other, "Does this taste funny to you?"
4. A dyslexic man walks into a bra.
5. An invisible man marries an invisible woman. The kids were nothing to look at either.
6. Two fish swim into a concrete wall. One turns to the other and says, "Dam!"
7. Two Eskimos sitting in a kayak were chilly, so they lit a fire in the craft. Unsurprisingly, it sank, proving once again that you can't have your kayak and heat it too.
8. I went to buy some camouflage trousers the other day, but I couldn't find any.
9. Mahatma Gandhi walked barefoot most of the time producing a impressive set of calluses on his feet. He also ate very little, making him frail, and with his odd diet, he suffered from bad breath. This made him....A super-calloused fragile mystic hexed by halitosis.
10. And finally there was the person who sent ten puns to his friends, hoping to make them laugh. No pun in ten did.
